

# Driver Mobile App

iOS Mobile Application for drivers where they would be able to easily sign-up/login on the app using their phone number and password. Along with the admin, all the drivers will be able to view each other's locations within the app itself.

## Color Scheme

Colors are picked carefully to match flat aesthetics of the app design.

Primary color

#D72027

Secondary color

#000000

Additional color

#B4B4B4

#5CAE09

## Typography

We've picked clean and trendy font that goes well with the simple color and icons with app.

# Lato

# Aa
